St. George, Utah 84779	:	Date Issued August 2, 2006

Personal Bond and Irrevocable Letter of Credit Accepted

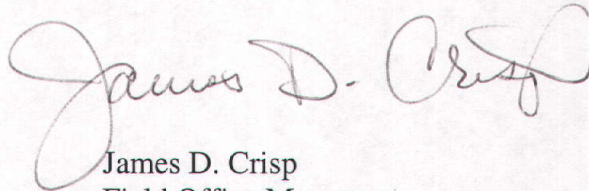

On May 5, 2006, the St. George Field Office determined the amount of \$15000.00 as appropriate for the performance bond, to ensure compliance with the terms of the contract and cover the cost of reclamation as required by the U.S. Department of the Interior-Bureau of Land Management (BLM) and Utah Department of Natural Resources-Division of Oil, Gas, and Mining (UT DNR-DOGM) on the Vermillion Project (U-80887).

On October 24, 2006, the St. George Field Office received a personal bond and an Irrevocable Letter of Credit as the pledge to secure the bond in the amount of \$15,000. The bond contract and the Letter of Credit have been examined, found satisfactory, and are accepted effective October 24, 2006, the date of receipt.

The documents will be retained by the BLM and UT DNR-DOGM until all terms and conditions of the mineral material contract has been fulfilled or until a satisfactory replacement bond has

been accepted. Please be advised that approval from the Secretary of the Interior, as delegated to this office at the address on letterhead above, is required prior to the redemption of the bond by any party.

If you have any questions, please call Russell Schreiner at 435-688-3205 or write to the attention of UT-100 at the BLM address above.

A handwritten signature in dark ink, reading "James D. Crisp". The signature is fluid and cursive, with the first name "James" being larger and more prominent than the last name "Crisp".

James D. Crisp
Field Office Manager
